

Visa Fee Rates

Payment in Cash and by Vale Postal:

The Embassy does NOT accept visa fees by credit / debit cards or by personal cheques. If the payment is made at the visa counter at the Embassy, the fee should be paid in cash. However, in some situations Portuguese nationals can send their **applications by post**. In that case they will have to send a postal order for the *visa fee plus Euro 2.50*. (This Euro 2.50 is charged for returning the passport to the applicant by post). [Please NOTE that non-Portuguese passport holders can send their applications by post only if they are **permanently resident** in Portugal. Such applications should be sent by **registered post only**, and not by ordinary post or courier].

If you have Portuguese passport, the Total Fee to be paid at the Embassy counter in cash is given in Table 1 below: (The currency of the fee is Euro)
